

The **University of Potsdam, Faculty of Science, Institute of Computer Science** invites applications for the following position to be filled **by the April 01, 2024**:

Professorship (W 2) for Theoretical Computer Science

We are looking for an internationally recognized individual with an excellent track record of peer-reviewed publications and success in the acquisition of external funding.. Active collaboration with the various research groups of the Institute, interdisciplinary collaborations, and participation in the research initiatives of the university are expected. The candidate's research profile should complement the research topics of the Institute, the Joint Labs “Wireless and Embedded System Design” and “Embedded Intelligence for Bioeconomy,” as well as the research areas in Data-Centric Sciences and Cognitive Sciences at the University of Potsdam.

Teaching requirements include contributions to the degree programs in Computer Science / Computational Science, Computer Science Education, Data Science and Cognitive Systems, as well as to the Institute's joint service courses. The successful candidate will be required to teach in German and English and must be willing to participate in academic self-government. Non-German-speaking appointees are expected to acquire proficiency in German sufficient to be able to interact with colleagues, students, and staff within two years.

For further information, please contact Prof. Dr. Torsten Schaub (torsten@cs.uni-potsdam.de).

The hiring process is subject to the requirements set forth in Section 41 subsection 1 no. 1 - 3, 4a and 4c of the Brandenburg Higher Education Act (BbgHG). The appointment procedure is conducted in accordance with Section 40 BbgHG.

The University of Potsdam aims to increase the proportion of women in research and teaching and therefore expressly invites qualified female candidates to apply. The University of Potsdam values the diversity of its members and pursues the goals of equal opportunities regardless of gender, nationality, ethnic and social origin, religion/belief, disability, age, sexual orientation or identity. In the case of equal qualification, women and people with a severe disability will be given preferential consideration in accordance with Section 7 (4) BbgHG. We explicitly welcome applications from abroad and from individuals who will enrich the diversity of our university and represent a variety of individual backgrounds and experiences.

The University of Potsdam offers dual career support and coaching for newly-appointed professors: www.uni-potsdam.de/arbeiten-an-der-up/appointments

Please submit your application (including a presentation of your research interests, curriculum vitae, copies of academic certificates and documents, list of publications, list of courses taught, teaching evaluations, list of externally funded projects) via e-mail to ausschreibungen@uni-potsdam.de (in a single PDF file) by November 30, 2022.
